5. Sick Leave Use

Sick leave may be used by an employee only in the amount of accumulated sick leave and not to extend beyond such time that the employee's physician deems the employee physically and mentally fit to return to the assigned duties of employment.

6. Extension Without Pay

Extended leave without pay and benefits for up to one (1) year shall be granted upon the request of the employee, and approval of the Board.

B. Family Illness

A leave of absence without pay and benefits for up to one (1) year shall be granted for the purpose of caring for seriously ill or injured spouse or child. Additional leave may be granted at the discretion of the Board.

C. Educational Improvement

A leave of absence without pay for two (2) years may be granted to any employee, upon application to and approval by the Board, for the purpose of engaging in study at an accredited college or university.

D. Public Office

An employee who seeks an elected public office may be granted a leave of absence without pay for the purpose of campaigning for such office. An employee elected to public office may seek, and the Board shall grant, a leave of absence without pay during the employee's term in office. After said term in office, the employee is entitled to return and will be advanced on the salary schedule one step beyond the step he/she was on when he/she left. The employee will not accumulate seniority while he/she is gone, but employee will retain the amount earned before taking the leave of absence.

E. Leaves of Absence Under the Family and Medical Leave Act

The Board agrees to provide eligible employees with 12 weeks of family and medical leave per year as required by the Family and Medical Leave Act of 1993 ("FMLA"). Family and medical leave is available for the following purposes: (1) the birth of a son or daughter, and to care for a newborn child; (2) for placement with the employee of a son or daughter for adoption or foster care; (3) to care for an employee's spouse, son, daughter, or parent with a serious health condition; and (4) because of a serious health condition that makes the employee unable to perform the functions of the employee's job. For purposes of this Article, the terms "spouse," "parent", "son or daughter" and "serious health condition" shall have the same meaning as defined by the FMLA and its regulations.

Any employee requesting or receiving family and medical leave shall be required to sign and submit to the superintendent of schools, or his or her designee, a written request in a form selected by the superintendent. The employee must submit his or her request for family and medical leave within thirty days before the leave commences if the need for the leave is foreseeable based on an expected birth, placement for adoption or foster care, or planned medical treatment of a serious health condition of the employee or of a family member. When the need for family and medical leave is not foreseeable, the employee must submit his or her request as soon as practicable.

The Board reserves the right to designate any leave that is taken for one of the purposes set forth above as FMLA even if the employee requesting leave does not designate the leave as family and medical leave. Furthermore, any employee on family and medical leave is required to also use, substitute and exhaust any paid leave that is otherwise available to the employee including, but not limited to, paid sick leave as provided in Article XIV and the temporary leaves of absence as provided in Article XV. Any family and medical leave in excess of the available paid leave shall be unpaid. Employees requesting family and medical leave must provide medical certification in support of the request to the extent and in the manner required by the FMLA.

The Board shall continue an employee's insurance during any period of family and medical leave to the extent and on the terms required by the FMLA. Employees who are not also on paid leave are required to remit the employee's contribution toward health insurance premiums by the date those amounts would have been deducted from the employee's paycheck if the employee was not on family and medical leave. Failure to make contributions when due may result in the employee losing coverage during the period of family and medical leave. The employee covered by this agreement hereby authorizes the Board to deduct from the employee's paycheck upon return to work any amounts not contributed or otherwise due because the district continued the employee's coverage during the entire family and medical leave period to ensure restoration as required by the FMLA. If the employee does not return to work at the end of the leave (except for the reasons specified in the FMLA), the employee shall be required to reimburse the district for any contributions made by the Board while the employee was on unpaid family and medical leave and hereby authorizes the Board to deduct any amount that is due and owing from the employee's final paycheck or any other amounts due the employee.

Employees may request family and medical leave for up to 12 weeks per year. For purposes of this Article, "year" shall be defined as July 1 through June 30 of each year. Family and medical leave to care for a newborn, adopted or foster child must conclude within 12 months of the birth or placement of the child and cannot be taken on an intermittent or reduced schedule basis.

E. Career Teacher Support Procedures

1. The purpose of the Intensive Assistance Plan is to provide a structured process for a career teacher and/or probationary teacher who needs additional help and support to maintain an acceptable level of performance, as identified in the Iowa Teaching Standards and Criteria. It will be implemented when a teacher's future employment with the Colfax-Mingo Community School District is being reviewed and a potential termination of contract could result. The plan is initiated in writing with all due process requirements observed. The plan consists of two levels: Awareness Phase and Assistance Phase.

F. Support Procedures

The teacher may have a representative at this or any meeting with the evaluator during this process.

1. Awareness Phase

The principal identifies a problem(s) relating to the Teaching Standards and Criteria that is characteristic of the teacher's performance. The principal shall contact the teacher in writing to clarify the specific problem. The teacher and principal shall collaboratively develop a plan, which the teacher shall implement to resolve the problem. At the request of the teacher, a mentor(s) shall be provided. Participation as a mentor shall be voluntary. The evaluator and the teacher shall mutually select the mentor(s). The role of the mentor(s) is to use data and information provided by the evaluator and the teacher to assist in developing a planned approach to help the teacher meet the Iowa Teaching Standards. The mentor(s) will maintain strict confidentiality. Observations and comments made by the mentor(s) are not to be reported to the evaluator, and do not become part of the teacher's evaluation. The support provided is targeted solely at helping the teacher improve her or his performance in relation to the Iowa Teaching Standards. A time shall be scheduled, not to exceed three (3) school months to discuss the resolution of the problem. At the conclusion of the agreed upon timeframe, the

principal will review the progress and make one of the following recommendations:

- (a.) The problem is resolved and the teacher is removed from the awareness phase.
- (b.) In the event the problem is not resolved, the teacher is notified in writing and placed into the assistance phase. Placement in the assistance phase would suspend the Professional Learning Plan.

2. Assistance Phase

After the final meeting of the Awareness Phase, if the problem is not resolved a letter will be sent to the teacher notifying that person of placement in the Assistance Phase. A copy of that notification will be placed in the personnel file. The teacher shall be notified of the right to request assistance from the CMEA. The superintendent or designee will then organize a team to observe and work with the teacher. At least one of the team members must have successfully completed the state-mandated requirements for evaluator approval. A conference shall be held between the teacher and team to develop an Assistance Plan that must include a specific statement of problem(s) related to one or more of the Iowa Teaching Standards as well as specific growth promoting goals that are measurable, action-oriented, and time-bound. At the conclusion of the agreed upon timeframe, the evaluator will review the progress and make one of the following recommendations:

- (a.) The problem is resolved and the teacher is removed from the Intensive Assistance Plan.
- (b.) Progress is noted, the timeline is extended, but may not exceed nine (9) school months and work continues in the assistance phase.
- (c.) The problem is not resolved, progress is not noted. Action shall be taken by the district to move towards a recommendation for non-renewal of contract.

3. The evaluator shall share with the teacher the completed Support Plan Summary including the information and evidence used to make this recommendation. The teacher has the right to respond to the recommendations in writing.

4. Nothing in this section precludes the District from initiating termination procedures at any time under Chapter 279 of Iowa Code for just cause.

G. Representation

The teacher may have a representative present at any meeting involving the performance review or other evaluation.

ARTICLE XXVIII: CONTRACT COMMITMENT

The district shall determine the qualifications of applicants for the position.
